

CCTV Policy and Code of Practice

Closed circuit television (CCTV) is installed at the practice premises for the purposes of staff, patient and premises security. Cameras are located at various places on the premises, and images from the cameras are recorded.

Data Protection statement

1. CCTV is installed for the purpose of staff, client and premises security.
2. Access to stored images will be controlled on a restricted basis within the practice.
3. Use of images, including the provision of images to a third party, will be in accordance with the practice's Data Protection registration.
4. CCTV may be used to monitor the movements and activities of staff and visitors whilst on the premises.
5. CCTV images may be used where appropriate as part of staff counselling or disciplinary procedures.
6. External and internal signage are displayed on the premises stating of the presence of CCTV, and indicating the names of the Data Controllers and a contact number during office hours for enquiries.

RETENTION OF IMAGES

Images from cameras are recorded on the CCTV hard disc. Where recordings are retained for the purposes of security of staff, patient and premises, these will be held in secure storage, and access controlled. Recordings which are not required for the purposes of security of staff, patient and premises, will not be retained for longer than is necessary (10 Days).

ACCESS TO IMAGES

It is important that access to, and disclosure of, images recorded by CCTV and similar surveillance equipment is restricted and carefully controlled, not only to ensure that the rights of individuals are preserved, but also to ensure that the chain of evidence remains intact should the images be required for evidential purposes.

to a criminal incident. As part of that decision, the wishes of the victim of an incident should be taken into account

- People whose images have been recorded and retained (unless disclosure to the individual would prejudice criminal enquiries or criminal proceedings)

All requests for access or for disclosure should be recorded. If access or disclosure is denied, the reason should be documented as above.

This is a right of access, which is provided by section 7 of the 1998 Act. Requests for access to images will be made using the 'Application to access to CCTV images' form (which is at Appendix 1), accompanied by a £10 fee (non-refundable if the request is declined).

PROCEDURES FOR DEALING WITH AN ACCESS REQUEST

All requests for access by data subjects will be dealt with by the Directors.

The data controller will locate the images requested and determine whether disclosure to the data subject would entail disclosing images of third parties.

The data controller will need to determine whether the images of third parties are held under a duty of confidence. In all circumstances the practice's indemnity insurers will be asked to advise on the desirability of releasing any information.

If third party images are not to be disclosed, the data controllers will arrange for the third party images to be disguised or blurred.

The Directors will provide a written response to the data subject within 21 days of receiving the request setting out the data controllers' decision on the request.

A copy of the request and response should be retained.
